STEINMONT HONOUR CODE

- ✧ I must respect the rules and regulations of the school.
- ✧ If I cheat, I cheat myself.
- ✧ I must be regular and punctual.
- ✧ I must keep the class rooms and campus clean.
- ✧ I will do my best to improve my home, my school and my Nation.
- ✧ I must respect all elders.
- ✧ I must be positive in thought and deed.
- ✧ I will not make any damage to the school properties.
- ✧ I will not write or draw anything on the walls of the school.
- ✧ I will be obedient and faithful.
- ✧ I must put service before self.

VISION

“Education is the birthright of every child. A child is born with immense potentialities. There should be the system of education where no child is ever rejected, where the child is the centre of every learning activity, where personal attention is given on every child focusing physical, intellectual, emotional and spiritual strengths which are the four main pillars of education”.

MISSION

- ☆ To provide a strong and well built foundation for the child in education to become a leader in the shifting and changing global scenario.
- ☆ To establish a frame of moral uprightnes wherein children grow up in the natural environment and spiritual ambience.
- ☆ To provide the state of art facilities to the students to develop themselves. 'Learning by doing' is the motto, where learning is a pleasure.
- ☆ To mould a child to be socially committed and globally competent.

QUALITY POLICY

We believe in the innate potentialities of every child and provide excellent opportunities and quality education to mould him/her to be a leader of uprightnes through the harmonious fusion of the ancient gurukulam and modern educational concepts. We will endlessly advance our performance by involving the students, the staff and the parents.

STEINMONT @ GLANCE

STEINMONT KINDERGARTEN

For sapling to grow to its true height, it has to be properly nourished and looked after well, it is after how deep greatness. Steinmont Kindergarten is an ideal place where young minds are matured with utmost care and affection. Every child is a gift of God and we, at Steinmont ensure that excellent opportunities are provided to each student, where, each one is treated with unbiased dignity. We, at Steinmont, take pride in our effort to bring out the best in every child we are entrusted with.

Kindergartener actively participates in the following:

- ✧ TALENT DAY
- ✧ KIDS FEST
- ✧ CHILDREN'S DAY
- ✧ STEIN FIESTA
- ✧ SPORTS MEET
- ✧ ONAM CELEBRATION
- ✧ CHRISTMAS CELEBRATION

Kindergarten Convocation

Having laid a strong academic foundation, the little graduates are awarded caps and certificates in a colorful and vibrant ceremony.

The Convocation ceremony at Steinmont is one of its kinds which help the kids by serving as a launch pad for greater recognition in future.

Interactive Class Room

Steinmont Public School has interactive boards in all the classes in association with CI SOFT Technologies and EBIX International Software, one of the leading companies in IT enabled Educational Technology Service. The interactive class rooms are set to provide new Learning experience to our students. The system incorporates latest subject Contents and will update the contents from time to time.

Skilled, Well qualified and permanent Teachers

Steinmont is blessed with a group of live-in faculty who are always ready to support and guide the students in all their endeavours. They are at the overall development of each and every student.

Orientation Programme

The school periodically organizes variety of orientation programme and sessions on motivation to cater the highly demanding needs and well bright future of students. Some of them are NLP, Career Guidance, Civil Service and Science Research programme.

Library

We have a well – stocked and spacious library with a large reading room. Journals, Magazines and reference books on various subjects and competitive examinations are provided. There are department libraries for classes I to X.

Laboratories

Well equipped and spacious laboratories for Physics, Chemistry, Biology, Computer Science, Informatics Practices and Mathematics have been arranged to give hands on experience to the students and to give a cutting edge to the students' quest for scientific excellence. Students from I to X are given fine chances to have experiments on science topics as per the academic demand.

THE BEST THE INPUT...

HRD Programme and Counseling

Steinmont centre for wellness provides support to students and parents and they benefit a lot out of it. HRD programme for the development of personality traits, soft skills are conducted regularly to prepare the students to face the challenges of the times and future. Our full time counselor during the school hours meets our students individually and facilitates them for higher aspiration and motivation.

Sports and Games

Education is not all about books and wisdom. So in Steinmont, our students are provided with plenty of opportunities to participate in various Sports and Games competitions in School, District, State levels. Regular Coaching Campus are organized for Athletics, Cricket, Basket Ball, Volleyball and Skating. Cricket Coaching in Steinmont Public School is done by the Kerala Cricket Association, Kannur Unit. Sports and games are organized to find the talents of the students and to encourage them to choose their own career options.

Class on Fine Arts

The school by providing training in Music, Dance and Drawing aims at producing a category of generation with skilled mind and aptitude.

Practise on Yoga

Steinmont Public School comes out with excellent training programme and session on yoga – wellness of body – wellness of mind.

Boarding Facilities

The School has boarding facilities for Boys and Girls under the direct supervision of Rev. Fathers and Sisters.

EXCELLENT IS THE RESULT

School Bus Facilities

School Bus Facility is available to all the major routs at the request of parents.

V. Sat Class Room

A virtual classroom is a teaching and learning environment where participants can interact, communicate, view and discuss presentations, and engage with learning resources while working in groups, all in an online setting.

Language Lab

With a view to enhance good communication skills among the students, the school has set up a modern and well advanced English language lab with adequate facilities. Students from KG to X are given regular coaching in English Language speaking skill. It helps them to improve pronunciation, accent, stress and intonation.

Co – Curricular Activities

STEIN FIESTA, school Annual Day and EINSTEINO School Annual Exhibition are the grant marks of Steinmont Public School.

Science Research Centre and Civil Service Academy

To prepare the students for higher aspiration and greater achievements, we have opened Civil Service Academy and Advanced Science Research centre, those students really interested and motivated can enrol their names. Science Research Centre would function under the auspicious of the science department of Nirmalagiri College Koothparamba, Kannur. Civil Service club would function under the guidance of Focus Academy of Civil Service, Cochin. Students from class VI onwards are eligible to be admitted for both the programme.

School of Karate

Training in Karate and martial arts are organized by ALANTHILAK Centre for body fitness, the tutors are professionally certified expert instructors. The classes are uniquely planned and feature kid friendly, yet challenging exercises are designed to get children in shape while teaching them confidence, discipline and determined determination.

Roller Skating

Steinmont gives an extra opportunity for the students to get trained in Roller Skating. It provides a complete aerobic workout and involves all body muscles, especially the heart.

Abacus

An abacus, also known as a counting frame, is a calculating tool with beads that slide across on wire or rods. Abacus is an instrument that was invented some 3000 years ago primarily in China, which later spread through countries like Korea, Japan, Taiwan, Malaysia and India. The abacus itself doesn't calculate, it is simply a device for helping a human being to calculate by remembering what has been counted. Our students from Kindergarten to higher classes are given fine and regular training in Abacus, most of our students participate in the National Level Abacus Exam.

Robotics

Robotics is an interdisciplinary branch of engineering and science. It deals with the design, construction, operation and use of Robots, as well as a computer system for their control, sensory feedback, and information processing. Robotics is also used in STEM (Science, Technology, Engineering, and Mathematics) as a teaching aid. Regular training and session on Robotics will find a creative space among our students.

STEINMONT MIDDLE SCHOOL

The Middle School programme at Steinmont is based on the findings in behavioral and developmental psychology and educational research; this means that we provide middle school students with the opportunities for exploring and adapting their understandings. Such an approach is based on the research that knowledge is best gained and retained when it is constructed.

STEINMONT SECONDARY SCHOOL

The Secondary School curriculum refers to the lessons and academic content to be taught to a learner in the school. In empirical terms, it may be regarded as the sum total of a planned set of educational experiences provided to a learner by a school. It encompasses general objectives of learning, courses of study, subject-wise instructional objectives and content, pedagogical practices and assessment guidelines. The curriculum seeks to provide opportunities for students to achieve excellence in learning.

STEINMONT SENIOR SECONDARY SCHOOL

(Two Years Integrated Programme)

At the Senior Secondary level, the curriculum shifts its emphasis from general to core subject focused specialized content. The concepts in different disciplines are taught in-depth and with vigor. At this stage, students are better informed to select the subjects and streams of their choice and aptitude, as they gain a better understanding of their career path.

The curriculum emphasizes on conceptual understanding, processes and skills, application of knowledge, use of technology, etc. While the curriculum focuses on achieving these subject-based objectives, it also fosters a positive attitude to logical and analytical thinking, reasoning abilities, problem-solving skills, and interdisciplinary learning. The various stages of the curriculum in Senior Secondary section emphasise on knowledge construction.

The School offers a wide range of subject combinations in the **Science Stream**, the **Commerce Stream** and the **Humanities Stream** which include Skill Subjects.

SCIENCE STREAM

OUR HIGHLIGHTS

- ❖ Our classes are absolutely based on the interest that a student poses which we find using the Psychometric Analysis designed by the qualified personals from IITs and IIMs.
- ❖ We design the coaching according to the caliber of individual students
- ❖ We make you capable of pitching yourselves in the international community by creating a relatable environment.

Flawless Academics ... Excellent Career

Dear Students & Parents,

Education is the biggest asset that parents can give their children which sets the path for a successful career. However this competitive world, many times value of education is limited to good grades and importance of building a strong foundation for career is often neglected. In this competitive world, it is important that schools not only provide education, but also provide them with a clear direction for their future – their CAREER. As a career consultant associating with various media such as MalayalaManorama, Akashavani etc, the seed of career development should be sown in the child's mind in school itself and it should be nourished well during school itself. But unfortunately career activities in most schools are limited to a 'Career Guidance Seminar' which happens once annually. There is no personal attention or guidance from Career experts in school to guide their future. This dangerously affects the Objective of Education itself.

Here Steinmont Public School stands out as a unique educational institution, which from its beginning have long-term plans to develop their students not just academically, but also professionally with a clear career goal set. I am really happy to associate with Steinmont public school in setting up a full-time Career Guidance center within their campus with team of expert career counsellors headed by me to provide the best career services for students and parents.

CareerTestLive Career Counseling Centre at Steinmont will provide Psychometric Career Tests, Individual Career Counseling, Career Guidance seminars in specific Areas, Skill development Programs, Foreign Language learning & International Educational Guidance, Entrance Coaching, Suitable College/University application etc to the students & Parents of Steinmont Public School. CareerTestLive is one of the Highest Rated Career Guidance Company in Kerala, which provides its career Counseling services to students across the Globe. Setting up a fulltime Career Center in a school is first of its kind in Kerala – I can assure you that .

Studying at Steinmont now will not just give you great education but a foundation for a great career, which will resonate to build a happy & Successful Life.

All the best
See you @ Steinmont

Regards
Sajth Thomas
B Tech, MBA (U.K), MCIPD (U.K)
Chief Career Consultant

PRIME ATTRACTIONS @ STEINMONT

S.C.S.R STEINMONT CENTRE FOR SCIENCE AND RESEARCH

Driven students in the Mathematics and Science fields may want to pursue research opportunities as early as from Middle school. Experience in a lab or in the field is a learning experience unlike what a child has with textbooks and teachers. These opportunities are excellent ways for students to further explore their academic interests and even develop a specialty in a certain field. A research position is also a great way for talented students to prove their passions and set themselves apart during college admissions. Securing a competitive position as a research assistant shows real dedication, ambition, and skill in a high schooler.

Our students from class VI onwards are given regular guided sessions on Science and Research programme. Students are constantly accompanied by their respective teachers to have a ground breaking experience in the field of Science and Research.

S.A.C.S STEINMONT ACADEMY OF CIVIL SERVICE

In a democracy, the civil services play an extremely important role in the administration, policy formulation and implementation, and in taking the country forward towards progress and development.

1. The civil service is present all over India and it thus has a strong binding character.
2. It plays a vital role in effective policy-making and regulation.
3. It offers non-partisan advice to the political leadership of the country, even in the midst of political instability.
4. The service gives effective coordination between the various institutions of governance, and also between different departments, bodies, etc.
5. It offers service delivery and leadership at different levels of administration.

Steinmont Academy of Civil Service provides ample exposures to our students to explore the unearthed levels of opportunities, students are given proper training in various disciplines with accurate tests and group dynamics to achieve the dream of to be a civil servant.

S.A.C.E STEINMONT ACADEMY FOR COMPETITIVE EXAMINATION

Steinmont Academy for competitive Examinations and Entrance Coaching Centre aim to bring quality at par with the top notch institutions to the North Kerala by availing the services of premier Institutions such as Career Launch and Focus Academy of Future Vision. With proven track record in their respective fields, the academy boasts of facilitating a competitive module unparalleled. Moreover, being one of the few schools in India with V-sat enabled class rooms, excellence in entrance examinations have become accessible hitherto non – privileged due to the constrains of time and money.

LIFE @ STEINMONT BOARDING

Induction Programme

A Comprehensive welcome programme will be organized by the section. This programme will acquaint the students with the rules, regulations and activities.

The Art of Living

Communicating and transmitting the Art of Life – we formate and inculcate in our students the quality par excellence of sublimating the challenges to opportunities.

Spiritual Enrichment

Each student is given enough time to practice his/her spiritual activities and all live in harmony

Health Awareness

Guidance about healthy food and awareness of drugs, alcohol, and smoking, health issues connected to these addictions will be made aware.

Value Inculcation Programme

This Programme will enable the students to internalize core values in their personal life and daily activities. Each section will introduce the value of the month, club activities, student counseling, visits to orphanages and old age homes, educational trips, cultural exchange programs, assemblies, theme plays, posters, songs, skits and charts.

Personality Development

It is important to focus on personality development from an early age to ensure success in life. We aim to cover topics like assertiveness, confidence building, mirror and personality enhancement tests.

Time management and the art of self-Management

We will be focusing on timetable preparation, study habit formation, how to face exams with confidence and the importance of self-management.

Leadership Training

This Programme will provide all students with leadership skills .

Success Formula

Ladder to success, win- win therapy, goal setting and motivation building are examples of success formulae that will be incorporated. The importance of object, visual and goal setting meditations will be focused carefully. Relaxation techniques and various personality tests will be conducted.

School of Sports and Games

Games and Sports develop leadership Quality. Every student should take part in games and sports. Sports and Games give us a good exercise which makes us physically strong and increases our stamina and strength. Regular sports activities make us active and lead to good health.

Students Orientation

Students will be provided with orientation programme which includes co-curricular and extracurricular activities that have been carefully designed for boarders.

Career Guidance

The Students will be given the opportunity to familiarize themselves with a variety of career options. This is done mainly through Steinmont Academy for Competitive Examination

Group Dynamism (Team Building)

Group activities will be used to develop interpersonal and social skills.

Soft Skills Development

Soft Skills which will be discussed like; communication, decision making, creative thinking, interpersonal relationship, self awareness ,empathy, coping with stress, coping with emotions, problem solving and critical thinking.

Teenage Issues

Physical, emotional and educational matters will be discussed, as well as addictions like the internet, mobiles and play stations.

Communication Skills

Various aspects of communication such as dynamics and public speaking will be covered.

Stress Management

By identifying the source of stress, we will enable students to reduce, prevent and cope with stress. Stress and anger management strategies will be provided. Useful ways of spending sure time will also be discussed

Leisure Time Activities

Leisure time allows our students to step back — physically but most important, mentally — from stress. The mind and body will tune, students will feel relaxed. During leisure activities, they will be disconnected from the outside world. They will be empowering themselves to deal with situations in a less stressful way.

Adventurous Trips

Adventure trips allow students to learn to communicate in a much better way. It also gives them an opportunity to interact with locals in new dialects. Build Outdoor Skills – An adventure trip allows students to learn several outdoor skills.
